September 2022

Dear Sarah,

We hope you and your staff had a restful summer.

The Education Team have now completed the annual risk rating for your provision. We have taken into account the most recent school data and are aware that this is just a starting point. The Locality Leads have also considered the broadest possible amount of information including that gathered during visits to your school and/or most recent Ofsted reports.

At this time, our evidence base would suggest that we would rate your provision as:

High Risk

The explanations for these ratings are detailed within the Strategy for School Improvement September 2022 – which is available through Perspective Lite.

If you believe that the rating indicated in this letter does not reflect the current performance of your school/academy, please do make contact with your Locality Lead who will be happy to discuss the matter or visit you in person. As a Local Authority, we are committed to understanding and supporting the sector through working together, and by developing partnerships across maintained schools and academies.

For ease of contact, we have attached the updated contact details for 2022/2023.

Your Education Locality Lead may have changed and is noted below and they will contact you as soon as possible as the new term begins if they haven't already.

Your Education locality lead adviser: **Anna Coney**

You will note that we have two new members of the team. I should like to welcome and introduce Helen Okrafo-Smart and Michelle Waddell who will both be supporting our primary schools.

We encourage you to keep reading the information that is being distributed through Perspective Lite (<https://perspective.angelsolutions.co.uk/perspective/login.aspx>) and to ensure you are accessing the information issued at Leadership, Safeguarding* and Governor briefings, all which are provided to you as part of the Local Authority offer.

If you have any school/education related query, please do email EducationTeam@lincolnshire.gov.uk and for Lincolnshire Learning Partnership queries LLP@lincolnshire.gov.uk

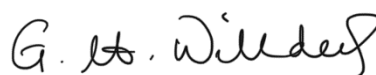

We wish you well for the rest of the Autumn Term and academic year 2022-2023.

Yours sincerely,
For Lincolnshire County Council

Matt Spoors

Head of Service School Standards
(Children's Education)

Geraldine Willders

Head of Service School Strategy (Children's Education)
